Meet Ruby

Ruby is a small girl who has a lot of big ideas. A delightful celebration of curiosity, creativity and possibility — and a welcome companion to Sara O'Leary's beloved *THIS IS SADIE*.

Robert Maxxim, author of the Legacy episode series, regards the books as his autobiography and the most fervent interest and calling in his life, expressing that Legacy mirrors his past life experiences. Legacy takes the reader through a journey of self-discovery where creation's deepest secrets are disclosed. Most of all, it is a powerful romance deeply rooted in the author's unquenchable search through infinity for the love of his soul. Legacy was inspired by powerful visions of other worlds and past civilizations, visions that make up Legacy's core values. His mission is to bring Legacy to the big screen and touch every soul, passionately stating that this five book series is "Medicine for the heart."
